### Fixes in this Release

- No video if system docked with external monitor attached in legacy BIOS boot mode
- System cannot exit S3 by power button push

### What's New in this Release

- Disable Function Buttons during hot swap of batteries

### Installation and Configuration Instructions

**Note:** Ensure the tablet is using AC power before installing the BIOS update.

**To install the R12 BIOS A04 update, perform the following steps:**

1. Download the update and save to the directory location of your choice.
2. Unzip the file to a location on your local drive.
3. Double-click the installer (.exe file) and follow the prompts.
4. The update process may take some time. Do not manually power off the tablet during the update.
5. The tablet will automatically shut down after installing the BIOS.
- 6.

### Licensing

Refer to your applicable end-user licensing agreement for usage terms.
